GRADE

The screen and glass were graded Grade A and the body Grade C. A more worn body lowers the category by one step at most, so this phone is Grade B. The category describes how it looks, nothing else: every phone we sell passes the buying and function checks below, whatever its category. Grade B means light marks, visible up close.

Buying checks

These decide whether a phone can lawfully and safely be resold. A phone that fails any of them is never sold.
